Without limiting the generality of the foregoing, MMSW shall not make any payments to the Contractor for expenses, costs of travel, personnel, fuel, equipment, or facilities relating to the performance of the Services or this Agreement.

- 6.4 Suspension of Payment. Without prejudice to its right to terminate this Agreement pursuant to Section 3.3 of this Agreement, MMSW may suspend or withhold payment to the Contractor in the event that the Contractor fails to comply with the MMSW Policies and Procedures or any other term of this Agreement, including without limitation its reporting obligations under Section 7 of this Agreement, and fails to cure such non-compliance within 30 days.

SECTION 7: REPORTING AND AUDIT

7.2 Reporting.

- (a) During the term, the Contractor will provide MMSW with:

 - (ii) such reports or information with respect to performance of the Services as MMSW may reasonably request in order to monitor compliance by the Contractor with its obligations hereunder;
 - (iii) such reports or information as MMSW may reasonably request in order to determine the amount of Residential WPP and ICI WPP collected by the Contractor from Curbside Households or at Depots in the Service Area; and:
 - A. For purposes of determining the total tonnes of Residential WPP collected from Curbside Households (including without limitation for the purpose of complying with its reporting obligations to the Saskatchewan Ministry of Environment under Applicable Law), the amount of Residential WPP collected will be determined on a proportionate basis based on (x) the number of ICI Locations in the Service Area as a percentage of (y) the aggregate number of Curbside Households and ICI Locations in the Service Area. The Contractor must provide complete and accurate information to MMSW with respect to the number of Curbside Households and ICI Locations in the Service Area; and
 - B. For purposes of determining the amount of Residential WPP collected at Depots (including without limitation for the purpose of complying with its reporting obligations to the Saskatchewan Ministry of Environment or under Applicable Law), the parties shall assume that 20% of WPP collected from Depots is ICI WPP; provided, however, that MMSW may adopt a different methodology for determining the amount of Residential WPP collected at a particular Depot if it determines, acting reasonably, that the amount of ICI WPP collected at a particular Depot is more or less than 20% of WPP collected from such Depot. In addition, the Contractor may apply to have the ICI Amount for a particular depot adjusted if the Contractor:
 - (1) adopts policies consistent with Appendix C of the Stewardship Plan to ensure that WPP from ICI sources is not collected at the applicable depot and provides supporting documentation to MMSW with respect to the implementation and enforcement of such policies; or
 - (2) provides evidence in accordance with Appendix C of the Stewardship Plan that less than 20% of WPP collected at the applicable depot is from ICI sources.
 - (iv) such reports or information as MMSW may reasonably request in order to comply with its reporting obligations to the Saskatchewan Ministry of Environment or under Applicable Law.
- (b) The Contractor will provide to MMSW such emissions data as MMSW may reasonably require in order to comply with its obligation to track and measure greenhouse gas emissions associated with the collection and recycling of WPP by the Contractor pursuant to Section 4.6.2 of the Stewardship Plan.

7.3 Audit.

- (a) During the Term, MMSW (or its audit representative) will have the right, upon reasonable prior written notice to the Contractor, to audit and inspect any site, vehicle or equipment used by the Contractor (or, if applicable, the Sub-Contractor) to provide the Services and any data, records, documentation and other information of the Contractor (or, if applicable, the Sub-Contractor) relating to this Agreement or the performance of the Services hereunder, in each case in order to monitor compliance by the Contractor with its obligations hereunder or to verify the amount of Residential WPP collected by the Contractor or otherwise comply with its reporting obligations to the Saskatchewan Ministry of Environment or under Applicable Law.
- (b) Without limiting any other audit right, during the Term, MMSW (or its audit representative) may conduct composition studies, without notice, of any materials collected, transported, processed or otherwise handled under this Agreement at any stage of the Services and regardless of the location of such materials.
- (c) The Contractor will co-operate with and provide to MMSW (or its audit representative) such reasonable assistance as MMSW (or its audit representative) requires in order to exercise the audit rights set out in this Section 7.3. If the Contractor has appointed a Sub-Contractor pursuant to Section 4.1 of this Agreement, the Contractor will ensure that the Sub-Contractor provides MMSW (or its audit representative) such reasonable assistance as MMSW (or its audit representative) requires in order to exercise the audit rights set out in this Section 7.3.

SECTION 8: INDEMNITY

- 8.1 Indemnity. The Contractor will indemnify and save harmless MMSW and its affiliates, and its and their respective directors, officers, contractors, employees, volunteers and agents, from and against any and all manner of actions or causes of action, damages, costs, losses or expenses of whatever kind which may directly or indirectly result or arise out of any act or omission of the Contractor, or any of its contractors, employees, volunteers and agents, in relation to this Agreement or the performance of the Services, including without limitation any loss of life, personal injury and/or damage to property or the environment in any way related to the performance or non-performance of the Services.

SECTION 9: PROPRIETARY RIGHTS

- 9.1 Collected WPP. Except as otherwise agreed to by the parties in writing, all WPP collected by the Contractor will belong to the Contractor from the time of collection.
- 9.2 Work Product. Except as otherwise agreed to by the parties in writing, the Work Product delivered to MMSW pursuant to and in accordance with this Agreement will be owned by MMSW and may be used by MMSW for any purpose.

SECTION 10: CONFIDENTIALITY

- 10.1 Confidentiality. The Receiving Party will: (i) take all measures reasonably required to maintain the confidentiality and security of the Confidential Information of the Disclosing Party; (ii) not use or reproduce Confidential Information for any purpose, other than as reasonably required to exercise or perform its rights or obligations under this Agreement; (iii) not disclose any Confidential Information other than to employees, agents or subcontractors of the Receiving Party (the "**Representatives**") to the extent, and only to the extent, they have a need to know the Confidential Information in order for the Receiving Party to exercise its rights or perform its

obligations under this Agreement; and (iv) be responsible for any breach of this Agreement by any of its Representatives.

- 10.2 Legal Requirement. Notwithstanding Section 10.1 of this Agreement, the Receiving Party may disclose Confidential Information of the Disclosing Party to the extent required by a court of competent jurisdiction or other governmental authority or otherwise as required by Applicable Law.

SECTION 11: DISPUTE RESOLUTION

- 11.1 Disputes. Any dispute that touches upon the validity, construction, meaning, performance or effect of this Agreement or the rights or liabilities of the parties or any matter arising out of, or in connection with, this Agreement (a “**Dispute**”), between MMSW and the Contractor will be addressed as follows:

- (a) Senior representatives of the parties will attempt in good faith to resolve the Dispute within 15 days after the Dispute first arises or such longer period as the parties may otherwise agree.
- (b) If the Dispute is not resolved pursuant to clause (a) within 15 days after the Dispute first arises, the parties will attempt in good faith to resolve the dispute with the assistance of a third party facilitator within a further 15 days or such longer period as the parties may otherwise agree. The third-party facilitator will be jointly selected by the parties acting reasonably.
- (c) If the Dispute is not resolved pursuant to clause (b) within such further 15 day period, either party may escalate the Dispute to non-binding third party mediation within a further 60 day or such longer period as the parties may otherwise agree. The mediation will take place at a time and place mutually agreed upon by the parties and will be led by a third party mediator jointly selected by the parties acting reasonably. If the parties cannot agree upon a third party mediator, the third party mediator will be selected by MMSW in its sole discretion.
- (d) If the Dispute is not resolved pursuant to clause (c) within such further 60 day period, the Dispute will be conclusively settled by means of private and confidential binding arbitration, to the exclusion of courts of law. The decision of the arbitrator will be final and binding on the parties and will not be subject to appeal on any grounds whatsoever, and will be enforceable against MMSW and the Contractor, as the case may be. The arbitration will take place at a time and place mutually agreed upon by the parties and will be led by an arbitrator jointly selected by the parties acting reasonably. If the parties cannot agree upon an arbitrator, the arbitrator will be determined pursuant to *The Arbitration Act, 1992* (Saskatchewan), as amended.

Notwithstanding anything to the contrary in this Section 11.1, either party may start litigation proceedings in a court of law at any time for an application for a temporary restraining order or other form of injunctive relief and each party hereby attorns to the non-exclusive jurisdiction of the courts of the Province of Saskatchewan for such a purpose.

corporate reorganization of MMSW. Any attempt by a party to assign all or any part of this Agreement without prior written consent (where such consent is required) is void.

- 12.2 Severability. If any provision of this Agreement is determined by a court of competent jurisdiction to be invalid, illegal or unenforceable in any respect, such determination will not impair or affect the validity, legality or enforceability of the remaining provisions hereof, and each provision is hereby declared to be separate, severable and distinct. To the extent that any such provision is found to be invalid, illegal or unenforceable, the parties hereto will act in good faith to substitute for such provision, to the extent possible, a new provision with content and purpose as close as possible to the provision so determined to be invalid, illegal or unenforceable.
- 12.3 Governing Law. This Agreement will be governed by and construed in accordance with the laws of the Province of Saskatchewan and the laws of Canada applicable therein without regard to conflicts of law that would apply a different body of law. The failure by either party to insist upon the strict performance of this Agreement, or to exercise any right hereunder, will not act as a waiver of any right, promise or term, which will continue in full force and effect.
- 12.6 Amendment. This Agreement may only be amended by written agreement duly executed by authorized representatives of the parties (it being understood, for the avoidance of doubt, that the Stewardship Plan or the MMSW Policies and Procedures may be amended at any time by MMSW, subject to receipt of any required governmental approvals).
